

Julien Fabre

Creative Project Manager

WHO AM I?

A motivated, highly dynamic, proactive and creative project manager with excellent organizational skills. Pragmatic, expert in decision making, problem-solving with seriousness and robust methodology. Experience in complex and international organizations, with a critical eye and an intrapreneurial spirit.

Empathic and good listener, team-skilled with good interpersonal skills. Adept at gathering expertise, promoting human interaction and federating great people to conduct and achieve projects in the best conditions while being customer and result oriented.

Curious, open-minded, adaptable, ready to face new challenges, acquire new skills and give the best of himself when surrounded by passionate, involved and caring people!

MY SKILLS & EXPERIENCE
